Remote and Flexible Learning

September 1st, 2021

Hi everyone,

You may have heard the announcement this afternoon from the Premier, Daniel Andrews, regarding an update on restrictions for Victoria. **Our understanding at this stage is that all schools across the state will continue with Remote and Flexible Learning for the rest of this term.** However, if this happened to change or we receive further information, we will let you know as soon as possible.

Thank you for your cooperation, resilience, and support. We understand that it is a very challenging time. The feedback from students in relation to the Hard Copy Learning Materials that have been created for all our students in Years 7-10 has been very positive, so we will continue to supply students with learning tasks in this manner. It seems to work well in conjunction with the use of Google Classroom and Zoom Lessons, as well as making life easier for those with internet challenges. We will send out further details regarding Remote and Flexible Learning for the coming week.

It is important that students and parents ask for help if any assistance is required. If you need any wellbeing support for your child, please do not hesitate to contact us. Some further support contacts are listed below:
