From the Principal’s Desk

Our curriculum day last Friday was time well spent for staff. It gave us the opportunity to meet in teams and further develop our practices in line with the Australian Curriculum.

We also had educational consultant, Lorraine Davies in our school to provide us with professional learning in the area of ‘growth mindset’. People with a growth mindset believe that their intelligence and abilities can be expanded with effort. It is important for our students and teachers to have this belief. After learning more about ‘mindset’ our aim is to run an evening program so that parents can share in this knowledge and assist their young people in reaching their full potential – a very interesting and powerful session for any parent. Please keep an eye on the newsletter for more information.

Well done to all of our students who participated in NAPLAN last week. We had a very high participation rate across our Year 7 and 9 students and they seemed to cope well with the three mornings of testing.

Promoting the College

Welcome BBQ

The Pyrenees Shire along with the Rotary Club of Beaufort hosted a barbecue for new residents in the Pyrenees Shire.

Beaufort Secondary College had an information table where Mrs Higgins provided pamphlets and information about the College.

Secondary School Expo

Mr Schier and Mrs Higgins were asked to attend the Secondary Schools Expo at Smythesdale last Wednesday night. A large number of interested parents and students attended, along with schools; both government and non-government, from the region.

There was a good level of interest in Beaufort Secondary College which we were pleased about. Anyone who is aware of students or parents interested in attending Beaufort Secondary College please contact Mrs Heather Higgins on 5349 2305.
