House Maths Competition (π √ ∞ π # % - + =)

Beaufort Secondary College has just held the first ever House Maths Competition. All students took part in the competition vying to win the stylish new ‘House Maths’ Trophy, kindly made by Mr Lindorff. Winning students for each Year level were presented with medallions at this week’s General Assembly. Year 7 Jordon Elford-Tribe, Year 8 Issy McLinden and Joelle Godfrey, Year 9 Hayley Crowley, Year 10 Ella McClean, Year 11 Meeka-Jo Watson, Year 12 Lachlan Crick, VCAL Cody Thompson. The highest scoring mathematician of the school was awarded to Hayley Crowley. Final House scores were - Wandarra 403 (37), Tanaranga 428 (38), Taltarni 448 (40), Kambarra 463 (42). House captain for Kambarra, Jaymee Crack collected the winning trophy, also presented at the assembly. Beaufort Secondary College will be offering the Australian Mathematics Competition this year. Students will be asked to pay a small cost of $3.00 each to take part. The remaining cost will be paid by the Maths Department. Any students wishing to take part are asked to give their names to their Maths teacher.

Australian Mathematics Competition

Most people think of maths as just numbers, but I think of it as a game.

The Australian Mathematics Competition will be offered at Beaufort Secondary College this year. Any students interested in taking part, please give your name to your Maths teacher. There will be a small cost of $3 per student. The Maths domain will fund the remaining cost.

Autism and Sexuality

Teenagers with autism spectrum disorder (ASD) develop sexually and have romantic feelings just as other children their age do. You can help your child understand his feelings and behave appropriately by giving clear explanations of puberty, sexuality and relationships.

CHARLTON DRIVER EDUCATION EXCURSION

Last week our Year 10 students travelled to Charlton to undertake a day of pre-driver training as part of their studies in Life Skills. On Monday 10A students made the long journey and 10B students travelled on Wednesday. The purpose of the day is to give our students hands on experience learning to drive in a safe environment. It helps students in obtaining their learner’s permit and to gain the necessary skills needed from qualified instructors.

The track at the Charlton Traffic Safety Centre is 1km, 700m sealed and the rest gravel. It features operating traffic lights, pedestrian crossing, hill crest, roundabout and parking bays.

Four cars are used for the program, two manuals and two autos. The students learned about cabin drills, steering, braking, gear changing, left and right turns, U turns, reversing, angle parking and hill starts.

The feedback from our students was very positive, with all students believing that they learned new skills and gained more confidence in their ability to drive safely.
